Kennels - Holly Dunsdon E.I. Siret 79104190800017

We have four spacious pens and a large external run attached. We offer an outside enclosure for playtime and walks around the 35 hectare farm. Your dog will be loved and played with during their stay and if they like other dogs they will have plenty of playmates. We ask that you bring their usual food with them to avoid upset stomachs. We are happy to give medication and any other needs your dog requires during their stay.

In the kennels there are raised beds, plastic beds and insulated wooden niches, we provide duvets, heat pads in the winter, bedding and bowls. In the summer the dogs have access to paddling pools.

Please provide as much information, on the booking form, about their likes and dislikes and routines so we can make their stay as relaxed as possible.

One Day Dog Care

We offer a one day crèche service for dogs. This service has proved popular when you are going out for the day, have hospital visits or work and need your dog cared for. Drop off in the morning, pick up at night and know your dog has had a great day.

Requirements:

All dogs must be up to date with their vaccinations including kennel cough plus treated recently for worms, fleas and ticks before coming to stay.

Please make sure your dog is taken out of the car, on arrival, on a lead

If any problem occurs while they are with us your pet will be taken to our local vet in Chiche immediately, we will contact you if we have to take your pet to the vets. If your pet becomes sick while in our care, all actions will be taken along with the vet to treat and care for them, but we cannot take any responsibility if things do not turn out as expected. Cattery - Heather Davey E.I. Siret 51413751200026

Our Cattery is a lovely friendly happy place where cats are cuddled, loved and made to feel secure and at home. We currently have five large cat enclosures, one two level enclosure and one smaller short stay enclosure. These are in an insulated room so it is cool in the summer and heated in the winter. There is a fridge for the food and any medication. We treat the cats like they are our own and are played with daily, cuddled and loved, plus, if requested I am happy to practice reiki on our guests, which relaxes and gives them a feeling of wellbeing. All cats are in individual enclosures and have a variety of toys and cat trees to occupy them during their stay. They benefit from air conditioning in the summer and heating in the winter plus we have air purification to give them fresh pure air during their stay.

Feeding your cat in your home

We also offer a daily home visit. This works well for people with several cats. We also happy to water vegetable gardens and flowers, bring post in and feed chickens . Visits, prices and requirements can be arrange on initial enquiry and are individual to each person.

If this is something you think would suit you please do email me your requirements and we can arrange a package to fit.

Prices start at 8€ per visit to feed cats, including 35c per km to drive to and from your home.
