

Pension Pour Chats - Heather DAVEY  
Pension Pour Chiens - Holly DUNSDON

Thank you for enquiring about our kennels and cattery. We hope you like what we provide and will want to use our services in the future. We aim to give you peace of mind while you are away and give your pet a fun, loving time. If you have any further questions, after reading this information sheet, please do not hesitate to contact us.

**Kennels - Holly Dunsdon E.I. Siret 79104190800017**

We have four spacious kennels and are aiming to add an additional 2 insulated kennels during 2024. We have a large secure external enclosure for morning fun and games. We offer walks around our 35 hectare farm if your dog is fine walking on a lead. Your dog will be loved and played with during their stay and if they like other dogs they will have plenty of friends. We ask that you bring their usual food with them to avoid upset stomachs. We are happy to give medication and any other needs your dog requires during their stay.

In the kennels there are raised beds, plastic beds and insulated wooden niches, we provide duvets, heat pads in the winter, bedding and bowls. In the summer the dogs have access to paddling pools.

Please provide as much information, on the booking form, about their likes and dislikes and routines so we can make their stay as relaxed as possible.

**One Day Dog Care**

We offer a one day crèche service for dogs. This service has proved popular when you are going out for the day, have hospital visits or work and need your dog cared for. Drop off in the morning, pick up at night and know your dog has had a great day. If you book this service you must pay in full prior to your dogs stay.

**Requirements:**

**All dogs must be up to date with their vaccinations including kennel cough plus treated recently for worms, fleas and ticks before coming to stay.**

**Please make sure your dog is taken out of the car, on arrival, on a lead**

If any problem occurs while they are with us your pet will be taken to our local vet in Chiche immediately, we will contact you if we have to take your pet to the vets. If your pet becomes sick while in our care, all actions will be taken along with the vet to treat and care for them, but we cannot take any responsibility if things do not turn out as expected. We will keep you informed all the time.

## **Cattery - Heather Davey E.I. Siret 51413751200026**

Our Cattery is a lovely friendly happy place where cats are cuddled, loved and made to feel secure and at home. We currently have nine cat enclosures and one long room for people with more than three cats. These are in insulated rooms so it is cool in the summer and heated in the winter. There is a fridge for the food and any medication. We treat the cats like they are our own and are played with daily, cuddled and loved, plus, if requested I am happy to practice reiki on our guests, which relaxes and gives them a feeling of wellbeing. All cats are in individual enclosures and have a variety of toys, ball pits, feathers and cat trees to occupy them during their stay. They benefit from air conditioning in the summer and heating in the winter plus we have air purification to give them fresh pure air during their stay.

### **Feeding your cat in your home**

We also offer a daily home visit. This works well for people with several cats. We also happy to water vegetable gardens and flowers, bring post in and feed chickens. Visits, prices and requirements can be arranged on initial enquiry and are individual to each person.

If this is something you think would suit you please do email me your requirements and we can arrange a package to fit.

Prices start at 8€ per visit to feed cats, including 35c per km to drive to and from your home.
